## Knights of Columbus Insurance

### Brother Knights,

Can you believe we are already a month into the new year? I'm not sure when the statute of limitations runs out on wishing someone a "Happy New Year", but I catch myself still doing so well into Spring! Speaking of being 1/12 of the way through the new year... how are you doing on your resolutions?

Most of us start the year wanting to resolve to take actions that will lead to happier, healthier lives. Some of the most common resolutions are to lose weight, get in shape, exercise more or perhaps spiritually centered around a more prayerful life. Others resolve to spend more quality time with family, friends and those most important in our lives.

As you think about your family, one resolution I can help you keep is financial peace of mind by providing a free, professional review of your financial health and goals. Are you where you want to be? Do you have a plan? Some brother knights are not even aware of all the financial benefits you are eligible for: life insurance, long-term care insurance, disability income insurance and retirement savings products. All these products can help protect your family in financial situations where you might find yourself.

Life insurance protects your loved ones financially if you are not here to help provide. How much do you and your family need? I can help with that.

Disability income insurance provides a paycheck if you are hurt or disabled and cannot work. If your company offers some, do you know how much, for how long and is it taxable? What if you get a non-work related injury or disability? I can help sort that out.

Long term care insurance protects those assets you've worked so hard all your life to accumulate. Don't deplete your family's savings for a care event when the Knights can take on that risk.

With concern about continuing market volatility and the health of Social Security, our fixed rate annuities provide guaranteed growth and safety as well as on-going income you cannot outlive.

What's most important to you and your family? Resolve today to meet with me and ensure that at the end of this new year, your financial picture will not only be more clear, but that you will have financial peace of mind for you and your family.

Wishing you and your family a happy and blessed 2025!

God Bless,
